

## Main exhibitor application

Secure your share in our success concept to present your company, your subjects and projects and to make contacts - with a stand space at EXPO REAL.

**We very much appreciate your interest in an application as a main exhibitor.**

Please note that the official EXPO REAL 2018 application procedure for main exhibitors has already ended.

Therefore please directly contact the EXPO REAL project management for any concerns around an application. All contacts can be found at [advice & contacts](#).

### **You want to register co-exhibitors for your stand?**

Please note our changes and innovations in the application process and the eligibility of co-exhibitors. A brief overview of the most important facts:

#### **✓ 1. Standardized company profile**

In the future every co-exhibitor must upload a [standardized company profile](#) with his application for the examination of his eligibility. Therefore, send the link to the template of the company profile to your planned co-exhibitors.

#### **✓ 2. Application link - the co-exhibitor URL**

To be able to apply your co-exhibitor needs an application link, the so-called "Co-exhibitor URL". As a main exhibitor you get it on completion of your application - and in the confirmation of your application, which you receive by email.

You still have questions about the application process or something else?  
Please note the following important documents.

---

### Important documents

- ↘ User guide online application (2.602 KB PDF )
  - ↘ Info-document / Exhibition sectors (82 kB PDF-document )
  - ↘ Exhibitor information (222 kB PDF-document )
